Who we are...

Our team of Insurance specialists assess your personal circumstances and financial exposure, whilst reviewing your insurance needs and make recommendations for solutions that will help meet your situation and objectives.

Impartial Advice...

We offer impartial advice to Clients in relation to finance for property, across a large number of both Banks and non-Bank lenders. As part of providing holistic advice, when reviewing your insurance needs, we provide you with recommendations from our large panel of insurance providers.

Scope of Service...

The advice our Advisers provide, aims to help you make the buying property process easier. You will receive expert advice from our Advisers, who have excellent industry experience to provide you with insights and information to assist your decision making process.

Buying a property is a big financial commitment and so we work for you to ensure that you have access to all the important information you may need to be able to make informed decisions about the right structure and provider for your situation and objectives.

We are committed to treating you and all our Clients fairly and to providing the highest standard of service possible. Our scope of service does not end on settlement. Our Advisers are available to help you in the future with any Mortgage or Insurance queries and endeavour to keep in regular contact for reviews.

How we get paid...

iLender is paid a single 'upfront' commission (percentage of the loan facility or insurance premium), an ongoing (trail) commission (percentage of the loan facility or insurance premium), or a mix of both. This is paid to us by the Lender, when arranging finance or Insurer when providing life insurance cover.

iLender may charge a one-off fee for work completed for mortgage Clients, which does not attract a commission payment from the Lender. This fee, if applicable, will be clearly discussed and agreed with you prior to you entering into any formal agreement.

Clawbacks (Repayment of Mortgage commissions)...

If a mortgage is repaid within 24 months of your mortgage settlement, iLender will have to repay some of the 'upfront' commission received, to the Lender - a 'clawback'. If iLender is charged with a commission clawback, due to early settlement of the mortgage arranged for you, then we will ask you to repay iLender the commission that has become repayable to the Lender, to a maximum of \$2,750.00* (incl GST), as cost recovery for the service provided.

**This has been calculated on an average of 12 hours administration to complete and submit your loan application to the Lender, at our hourly rate of \$200.00 per hour + GST*

The above cost recovery only applies if iLender is not given the opportunity to arrange the refinance.

There will be no fee payable if:

- iLender was given the opportunity, but was unable to get a subsequent finance approval
- An upfront fee was agreed and paid by the Client when the mortgage was originally drawn
- In iLender's opinion, the early repayment of the mortgage was driven by an exceptional change of circumstance for the Client

Our Advisers will review your personal circumstances with you annually, or more frequently if necessary, to ensure the solution we helped you implement remains appropriate for your needs and objectives.
